placed vertically on counter.

Epson's cost-effective ReadyPrint™ T20 thermal printer is the latest addition to Epson's line of energy-efficient POS printers. Designed specifically for low-volume retailers, it combines basic POS printing functionality with high reliability and multiple ease-of-use features.

#### Quality you can count on

ReadyPrint is the ideal choice for retailers with a low volume of POS transactions. Based on Epson's advanced printing technology, ReadyPrint delivers the quality and reliability that Epson is known for which ensures an easy, reliable printing solution for end users.

#### All-in-one-box convenience

ReadyPrint comes with everything you need in one box for quick setup and installation—from manuals, drivers and utilities to cables, integrated power supply and easy-to-use software tools to speed programming. In addition, ReadyPrint is available with a USB or Serial interface.

#### Easy to use. Easy to maintain.

ReadyPrint comes with multiple ease-of-use features from drop-in paper loading and autocutter and status LEDs and more. And it also offers optional printer placements

including horizontal or upright for front receipt dispensing or vertical wall placement using a special hanging bracket.

#### Features Epson reliability

With a MCBF of 60 million lines, a MTBF of 360,000 hours and an autocutter life of 1.5 million cuts, ReadyPrint delivers the reliability customers expect from Epson.

#### ENERGY STAR qualified

Epson's ReadyPrint is ENERGY STAR qualified and RoHS compliant and features very low power consumption to reduce costs.

#### Backed by the leader

ReadyPrint is backed by Epson's industry-leading service and support programs and comes with a two-year limited warranty. To find out more about why ReadyPrint meets all the needs of low-volume retailers, go to [pos.epson.com](http://pos.epson.com).
